

# High Power Thermal Solutions

New Generation, New Technology

## All New Max TC G4, Power Plus G4 and ECO COOL Series TCU

*Mechanical Devices* - moves up its line of robust Thermal Control Units with the release of 3 new product series - The **Max TC G4** series (90W@ -40°C, -70°C to 175°C), the **Power Plus G4** series (400W@-40°C, -75°C to 200°C) and the **ECO COOL** series (400W@0°C, -30°C to 200°C). The **Max TC G4** and the **Power plus G4** series feature upgrades that include extended temperature range, low current consumption, low noise level, low BTU and air temp emission with increased cooling power that are significantly at a more value than previous series. The **ECO COOL** series feature economical High Performance solution, to maintain a temperature of high power devices.
